### **1.3 Project << *Video surveillance and information management system in order to increase social safety and prevention of criminality within the Baicului area* >>**

<b>Project total value:</b>	<b>EUR 0,8 million</b>
<b>Amount requested from ROP funds:</b>	<b>EUR 0,6 million</b>
<b>PS2 co-financing:</b>	<b>EUR 0,2 million</b>

#### ***General objective of the project:***

**Improving the social services within the Baicului area in the context of sustainable and durable growth of the lifestyle and creation of jobs.**

#### ***Specific objectives:***

- Increasing social safety and security of the inhabitants of the Baicului area, area which is confronted with criminality problems;**
- Preventing criminality by having more efficient activities of recognizing, detecting and combating criminality;**
- Improving the quality of public social services through the modernization and information of operational management and of the resources necessary for combating criminality.**

***During the project the following were achieved:***

- ✓ ***an integrated video monitoring system comprising 47 video cameras;***
- ✓ ***a dispatch endowed with specific equipment and software.***

***The system monitors the public interest objectives in the area:***

- ✓ ***a school and a kindergarten;***
- ✓ ***the refugees center;***
- ✓ ***the Lunca Florilor park;***
- ✓ ***the Baicului shopping center.***
- ✓ ***the street network***

***The citizens of Baicului neighborhood appreciate in a large percentage the implementation of video monitoring system!***

**a very good and excellent opinion in a 66%  
a good opinion 29%  
dissatisfied in 5 %**

***The neighborhood security has increased!***

**Results obtained by monitoring service:  
in 2012**

- *1092 incidents noticed on cameras, of which 8 events resulting in loss of life*

**in 2013**

- *1077 incidents noticed on cameras, of which 23 events resulting in loss of life*

**in 2014 (january – september)**

- *980 incidents noticed on cameras, without loss of life.*

## II. Priority Axis 3 – Improving the social infrastructure

### *Key Area of Intervention 3.2 - Rehabilitation / modernization / development and equipping of social services*

#### Project:

<< “*ION CREANGĂ*” Center for social services for the elderly people >>

**Project total value:** EUR 0,8 million

**Amount requested from ROP funds:** EUR 0,6 million

**PS2 co-financing:** EUR 0,2 million

To establish the <<Center of social services for the elderly>>, a building on 33 Valer Dumitrescu street, was modernised and equipped. The building was rehabilitated, including energy efficient, restructured and equipped with a elevator and specialised equipment for medical rehabilitation.

## ***The Center provides free of charge :***

- ✓ **Counseling services, legal and social;**
- ✓ **Trening services: english and computer courses;**
- ✓ **Social services and leisure;**
- ✓ **Medical rehabilitation services.**

## *Center membres have the folowing facilities:*

### General medical center

Ensure evaluation and health surveillance and medical recommendations, referrals to medical facilities for investigation and laboratory hygienic-dietary regimes.

### Physical therapy Centre

The use of therapeutic programs designed specifically for each patient, depending on the evolution and nature of his condition.

## **Physical therapy Centre**

endowed with shortwave device,  
electrotherapy devices (diadynamic  
device, low frequency currents  
devices, interferential current  
machine, ultrasound therapy device)

## **Gym health and wellnes**

Exercices performed have the purpose  
of improving joint mobility, improve  
muscle tone and quality of life,  
avoiding the harmful effects of  
sedentary.

- **Festivity Hall**

provide all facilities for conferences, seminars and festive events.

**Room for social games: chess, rummy, cards, other.**

It has the necessary facilities for a pleasant leisure for all club members.

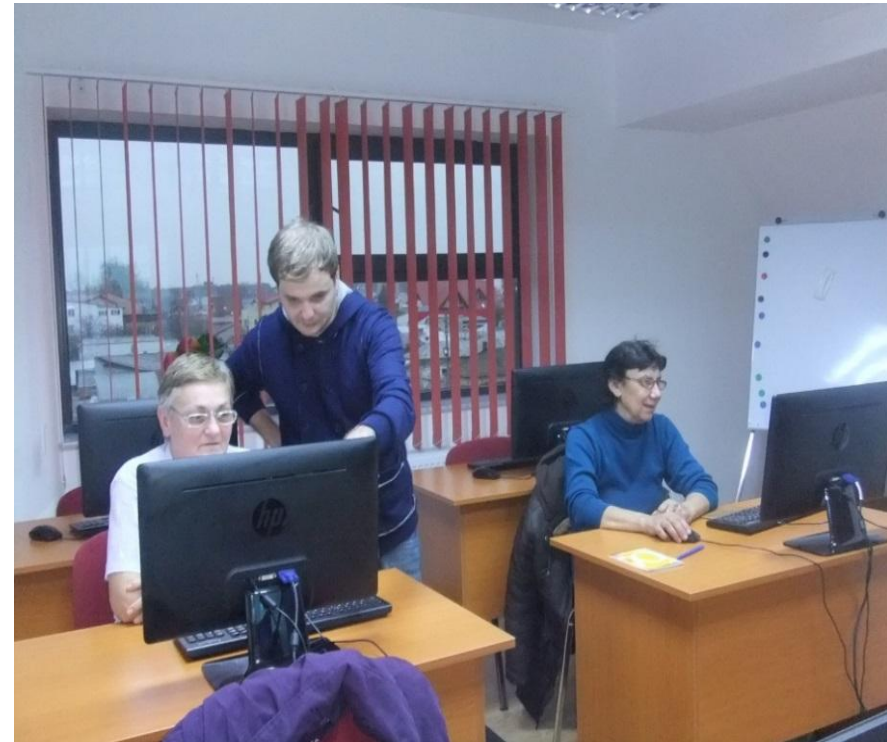

## Lecture Room

Where members, children and adults, can spend time reading the works of literature in the library center or they can take part to diverse cultural activities.

## IT Room

where members of the center will be introduced to the learning techniques of computer and Internet browsing skills through social networks.

## **Classroom**

The Center provides English language courses aimed at developing communication skills and knowledge, thus becoming a useful and interesting activity that contributes to the maintenance of mental condition.

## **Psychological Counseling**

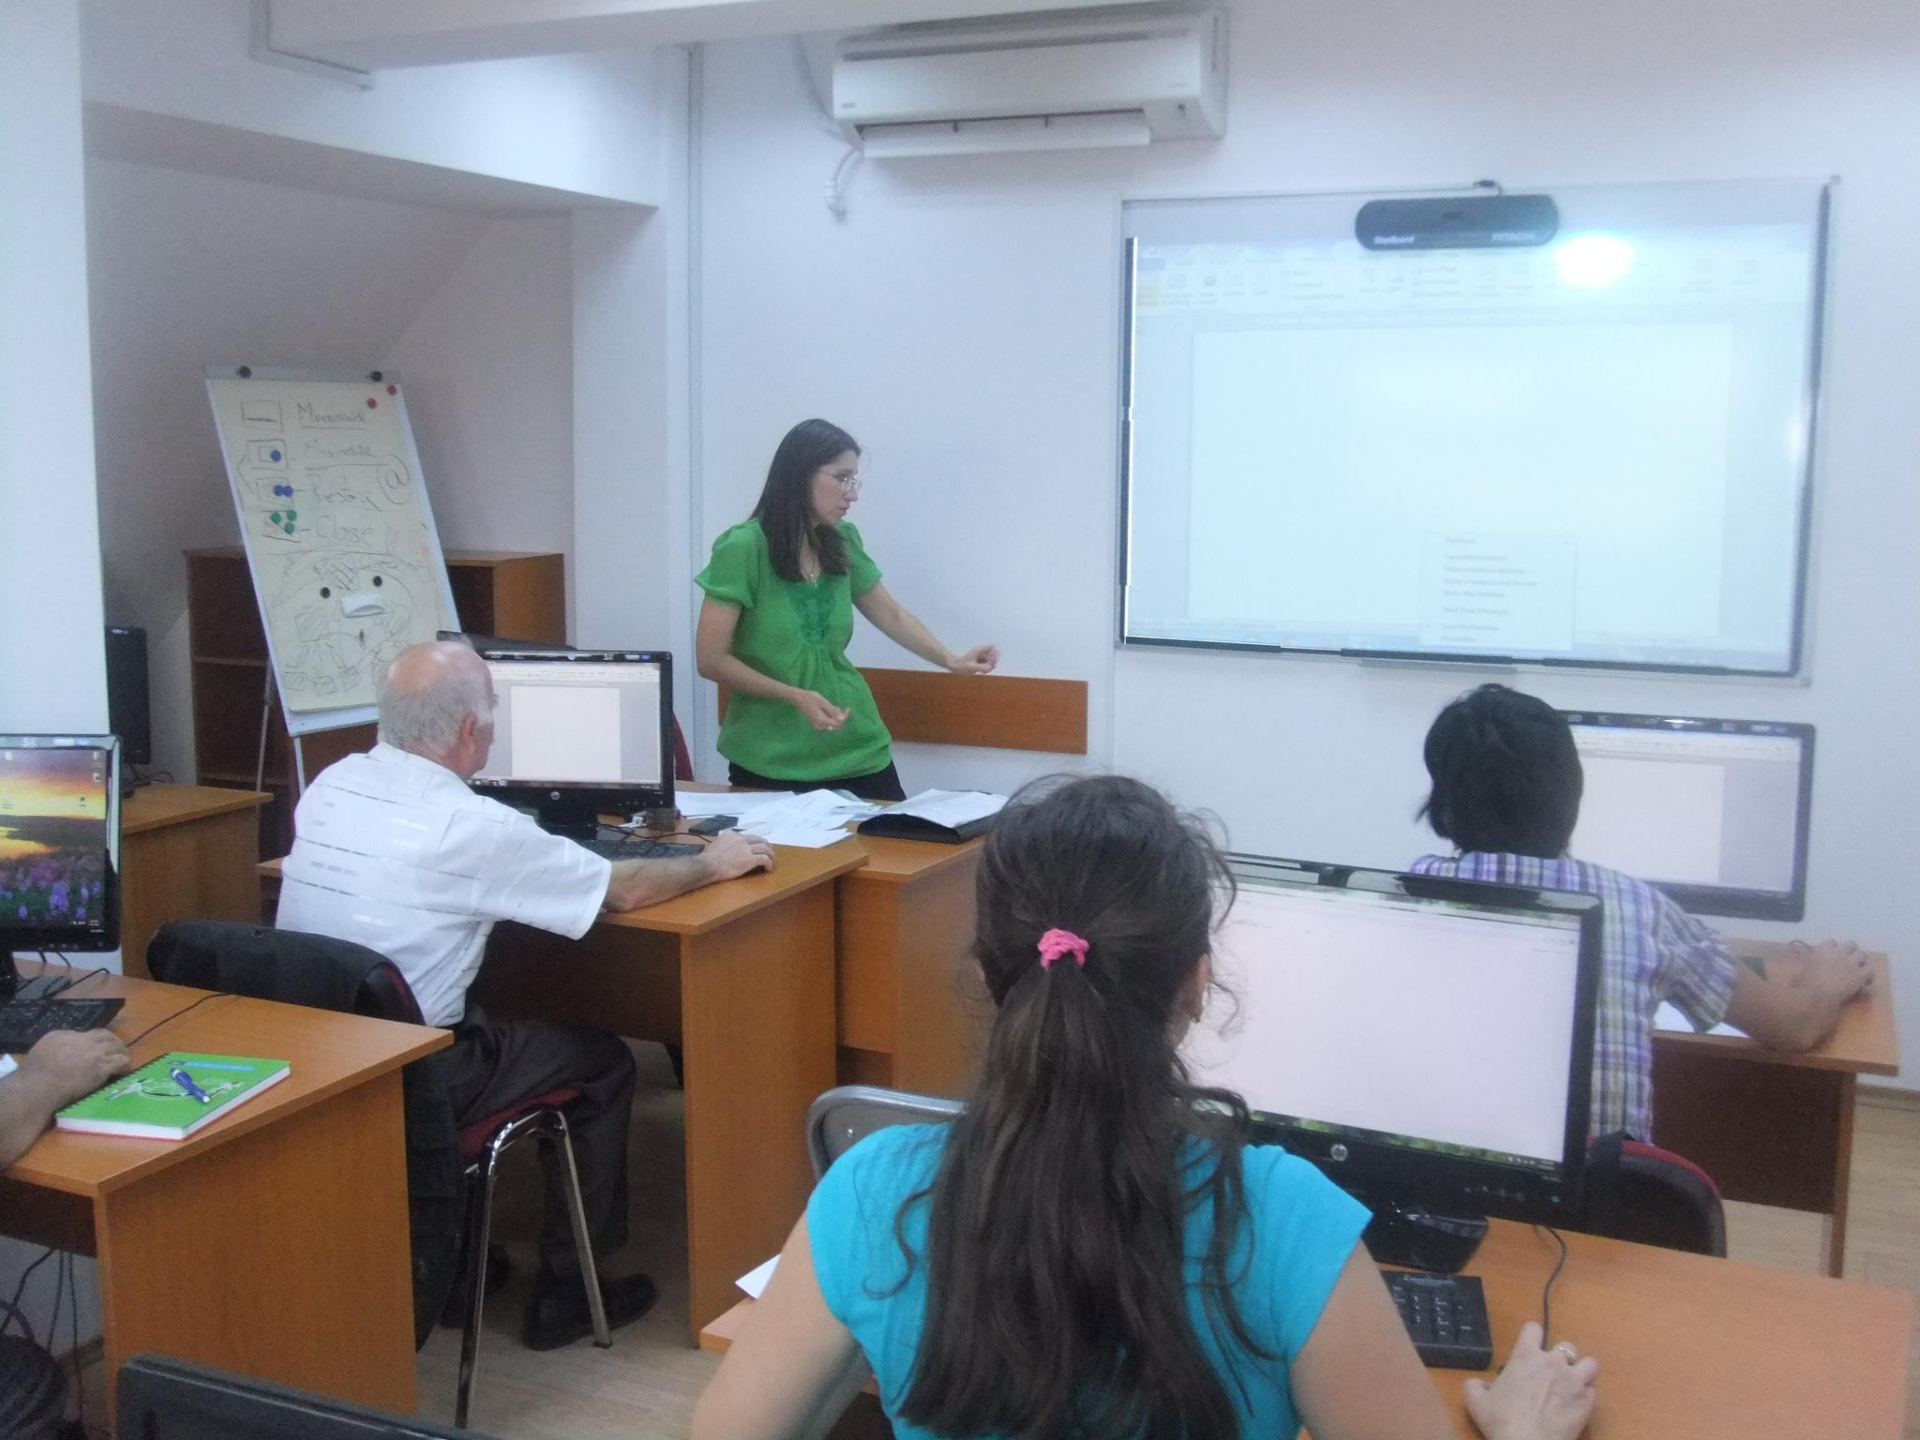

healthy people which are at a standstill, they are advised how to control and overcome a crisis.

## **Social and legal Counseling**

To inform center members of their rights and social obligations, and institutions where they can call and procedures to be followed.

***2 projects having a total value of EUR 3,9 million***

# *Integrated Plan of Urban Development of the Plumbuita – Steaua Roșie – Petricani area*

## *Projects:*

- <<Modernization of the streets located in the Steaua Roșie, Plumbuita neighborhood>>;
- <<Video monitoring system in order to increase safety and prevent criminality in the Plumbuita - Steaua Roșie – Petricani area>>;

## **1 Project:** <<*Modernization of the streets located in the Steaua Roșie, Plumbuita neighborhood*>>

**Project total value:**

**EUR 3,1 million**

**Amount requested from ROP funds:**

**EUR 2,4 million**

**PS2 co-financing:**

**EUR 0,7 million**

### *General objective of the project:*

Increasing the quality of the lifestyle of the inhabitants of the Steaua Roșie neighborhood, District 2, Bucharest, by improving the traffic and the quality of the environment, with the view of reducing the social and economic gaps.

### *Specific objectives:*

- modernizing of the road system for 16 streets;
- improving the pedestrian and vehicle traffic, as well as ensuring the discharge of rain waters;
- implementing certain measures in order to improve the quality of the environment.

**2 Project:** <<*Video monitoring system in order to increase safety and prevent criminality in the Plumbuita - Steaua Roșie – Petricani area*>>;

<b>Project total value:</b>	<b>EUR 0,8 million</b>
<b>Amount requested from ROP funds:</b>	<b>EUR 0,6 million</b>
<b>PS2 co-financing:</b>	<b>EUR 0,2 million</b>

*General objective of the project:*

Improving the social services within the Plumbuita area in a context of sustainable and durable growth of the lifestyle and creation of jobs.

*Specific objectives:*

- Creating social safety and security for the inhabitants within the area;
- Preventing criminality by having more efficient activities of recognizing, detecting and combating crime;

*54 video cameras shall be installed and a monitoring dispatch shall be established and endowed with specific equipment.*

## II. Priority Axis 3 - Improvement of the social infrastructure

*Key Area of Intervention 3.4 Rehabilitation/modernization/ development and endowment of the pre-university, university infrastructure and of the continuous vocational training infrastructure*

### Projects:

*1. - Rehabilitation, modernization and endowment of the pre-university educational infrastructure of the “Iulia Hașdeu” National College.*

*2. - Rehabilitation, modernization and endowment of the pre-university educational infrastructure of the “C.A.Rosetti” theoretical high-school.*

**Total value: EUR 12,7 million**

## 1. Project: *Rehabilitation, modernization and endowment of the pre-university educational infrastructure of the “Iulia Hașdeu” National College.* (on-going project)

- |   |                         |
|---|-------------------------|
| • <b>Project total value:</b>             | <b>EUR 10,5 million</b> |
| • <b>Amount requested from ROP funds:</b> | <b>EUR 8,6 million</b>  |
| • <b>PS2 co-financing:</b>                | <b>EUR 1,9 million</b>  |

### *General objective of the project:*

Improving the quality of the educational infrastructure and school endowment in order to ensure an educational process at European standards.

### *Specific objectives:*

- **Rehabilitation, modernization and endowment of the building of the college with modern didactic equipment and furniture;**
- **Improving the quality of the education in District 2 – Municipality of Bucharest;**
- **Connecting to the high-speed internet network;**
- **Creation of new IT laboratories and laboratories with various other specializations.**

## During the project the following shall be achieved:

- ✓ *Consolidation works, thermal rehabilitation including changing of the roof, modernization of the existing building having a surface of 6150 square meters, basement + P+E+M*
- ✓ *Expanding the building in the prolongation of the existing one on a surface of 465 square meters, basement + P+E+M*
- ✓ *Endowment with educational equipment (locker rooms, benches, tables, bookcases, furniture for the medical office, washing machines, refrigerators)*
- ✓ *Creation of new IT laboratories, as well as endowing with IT equipment the specialties laboratories (182 computers, 23 video-projectors, 23 laptops)*
- ✓ *Connecting to the high-speed internet network*

## **2 Project: *Rehabilitation, modernization and endowment of the pre-university educational infrastructure of the “C.A.Rosetti” theoretical high-school (on-going project)***

- **Project total value:** EUR 2,3 million
- **Amount requested from ROP funds:** EUR 1,8 million
- **PS2 co-financing:** EUR 0,5 million

### ***General objective of the project***

It comprises the modernization of the education quality infrastructure within the Rosetti high-school of Bucharest, one of the most prestigious high-schools located in the capital of the country and bringing it to the peak level of the present period.

### ***Specific objectives:***

- rehabilitation, modernization and endowment of the C.A.Rosetti Theoretical high-school of District Sectorul 2 - Bucharest;
- supplementation of the infrastructure so that the high-school would have all the necessary areas in order to carry out a modern learning process;
- reducing the necessary operation costs through the utilization of renewables;
- supplementing the endowment with educational equipment.

## *During the project the following shall be achieved:*

- ✓ *Consolidation of the building wings – foundation, walls, roof;*
- ✓ *Insulation of the roof and fitting out of the attic areas;*
- ✓ *Light partitioning with gypsum in the attic;*
- ✓ *Building access stairs to the attic;*
- ✓ *Changing the interior woodwork with natural woodwork made of layered wood;*
- ✓ *The heating installation shall be fully replaced;*
- ✓ *The ventilation installation shall be installed, together with the related equipment;*
- ✓ *The sanitary installation shall be fully replaced;*
- ✓ *The toilets shall be redesigned;*
- ✓ *The fire prevention installation and hydrants shall be installed.*

### III. Priority Axis 5 – Sustainable development and promotion of tourism

*Key Area of Intervention 5.2 – Creation, development, modernization of the tourism infrastructure with the view of capitalizing natural resources and increasing the quality of tourism services*

#### “Tei – Plumbuita Recreational Park ”

Project total value:	EUR 14,3 million
Amount requested from ROP funds:	EUR 4,3 million
PS2 co-financing:	EUR 10,0 million

*The general objective of the project* is: “*Development of tourism in the Municipality of Bucharest by means of investments in the recreational infrastructure*”.

*The project has as scope*: increasing the number of tourists that choose to visit the Municipality of Bucharest with at least 25% during a 5 years period as of the moment of having completed the investment, as compared to the year 2010.

## *The Specific Objectives of the project:*

- *Touristic use of existing natural resources within the Tei park;*
- *Diversification of tourist services offered in District 2 – Bucharest;*
- *Creating a structure for leisure tourism in District 2 - Bucharest in order to increase the number of tourists and the duration of stay in the city.*

The proposed project for funding is part of the long-term development strategy of the District 2 of Bucharest, a strategy that aims to exploit the tourism potential of the city.

Although, from the cultural point of view the city enjoys a generous touristic offer, there is a weak recreational infrastructure that adds to the cultural one and offers to tourists diverse leisure time options in the city.

***The construction works that shall be carried out during the project comprise mainly the installation of recreational equipment:***

- ***Roller coaster*** – this equipment shall most probably be the main attraction of the park and the first one of its kind in Romania.
- ***3 Playgrounds*** – two classic playgrounds with swings and slides and one playground with inflatable objects that shall be positioned on rubber pavement.
- ***House of Horrors*** – a classic attraction of amusement parks
- ***The Big wheel*** – with a height of 63 m, having 44 closed cabins, air conditioning in order to be utilized during winter, as well as during summer.
- ***Flying Swinger***
- ***Small wheel*** – with a height of 16 m and 12 closed cabins.
- ***Carousel*** – a classic attraction of all amusement parks, known also as the Merry go Round. It will have a height of 6 m and a diameter of approximately 8 m.
- ***Electric cars*** – 12 such electric cars or Bumper Cars shall be installed, addressing the age groups up to 18 years.

## *Activities carried out so far:*

- **Organizing and conducting public acquisitions:**
  - *consultancy for the project implementation;*
  - *construction works;*
  - *site supervision;*

## *Activities to be held until project completion :*

- **The acquisition of information and advertising services and audit services**
- **Conducting information and publicity activities**
- **Execution of construction works**
- **The reception of works**
- **Obtaining the functioning authorization of the park**

*Estimated date of project completion - December 15, 2015*
